

The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employees for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other pill I ever sold."—J. J. Perry, Spotsylvania C. H., Va.

JUDGE BEACH FOR CONGRESS

It is evident to the close observer of political matters in the 7th District that we cannot elect a member of Congress by taking up any "back number," but we must have a candidate who not only can command the respect of the people but their votes as well.

Judge Watson Beach, of Sanilac county, would be an ideal candidate. As a soldier who fought through the war, as a Judge on the bench and as a citizen he commands the respect of everybody. He would carry this district by a large majority. We understand Judge Beach would accept the nomination if the people desired it, but that he would put forth no effort to obtain it. By all means give it to him. He is a winner.

One of the cuckoo organs wants the President "to put blinkers on Democratic statesmen who are inclined to jump the track." It thinks it will answer the purpose as well as "blinkers on the race horse who shies off." Watch Mr. Cleveland put "blinkers" on Senator Hill. If the thermometer keeps troiling hot there will be more wilted collars in Washington during the next ten days than "blinkers."

THE Democracy of 1894 should inscribe on all its banners:—"We protect ourselves and our wives, our sons and our sons' wives, and all others who contribute liberally. There is nothing mean about us."

When Congressman Wilson views "the remains" of "the late Wilson bill" he will doubtless feel like accepting the presidency of that Virginia college now offered him.

Teachers and Those Preparing to Teach.

Please bear in mind that the summer school will open July 2nd, and continue in session until July 23rd, when the institute will open and continue in session until August 2nd, the date of the teachers' regular examination.

We surely expect that every teacher who takes an interest in teaching will make it a point to attend every day of the institute. A full attendance and good work at the institute will raise your general average three per cent. It is true that three per cent is not much, but it is full of significance should the general average chance to be a little below the required average.

Those, especially, who do not feel absolutely sure of their ability to pass the required examination for a certificate should not fail to attend the summer school and institute. Owing to the fact that those in charge of the summer school and institute are thorough and competent instructors, we believe that those who attend for the purpose of doing good, solid work will, at the close of the term be at least six per cent better teachers than they would have been had they remained at home; we therefore feel justified in offering to them the six per cent spoken of to be added to their general average received at any examination within a year thereafter.

Good, desirable boarding places may be had at reasonable rates. Should any wishing to attend the summer school and institute require assistance in securing such, they may be accommodated by applying to

Masonic Gathering.

St. John's Day, Sunday last was fitly observed in Yale by the Masonic order. Lunch had been prepared for visitors, and all townspeople desiring it, in the dining room of the Masons, where a long table was spread with a bountiful supply of good things, besides ice cream, oranges and bananas. A large number of persons gathered here at about one o'clock, where they were served with the lunch, and at about 2:30 the procession of Masons was formed at North street, marching to Kemille, down Kemille to Wood, from Wood to Main, up Main to North, thence to the M. P. church. The exercises opened with prayer by Rev. W. F. Perkins, after which Elder Paton delivered the sermon which contained many gems of thought and was very interesting. Good music was furnished by a male quartette, consisting of A. W. Ferguson, Will Saville, James Wallace and C. R. Holden. The observance of the day was enjoyed by all.

The Pioneers held a very pleasant and interesting meeting in Port Huron on Tuesday. The society was organized in St. Clair City November 16, 1875.

Samuel Cary, of Greenwood, is languishing in the county jail, under arrest for nearly murdering his wife, James Carey, his brother, was arrested as an accessory.

About 1,500 loads of earth has been placed upon Capac's Main street, near the middle of the village. The sidewalks have had to be raised now to correspond with the street.

Port Huron summer school begins July 2nd. The institute proper begins July 23rd. Weekly lectures are to be given by Rev. Thomas Chalmers, Rev. D. H. Cooper and E. F. Law.

About forty members of the Port Huron Guards attended the laying of the corner stone of the Home for the feeble minded at Lapeer on Tuesday, and were handsomely entertained.

A passenger train on the P. O. & N. R.'s near Lum, came in collision with a hand car. The crew of men on the latter had just time enough to jump from the car. It was a lucky escape for them. The car was demolished.

Wm. Granger, a Port Huron tailor, left home three weeks ago and has been found in Chicago and brought home on Tuesday. Wednesday he arose early and disappeared again. He is considered crazy and will be sent to the asylum when found, where he has been confined before.

The two boys, Jacob Sibilla and David Harrison, who robbed a grocery store in Port Huron and were confined in the county jail, escaped on Monday morning early and secured a row boat, getting over to Sarnia. It is supposed some boy got to their cell and let them out. A reward is offered for the apprehension of this person.

Frank Bailey, a Richmond boy, was taken sick last week and doctor and health officer pronounced the case small pox. The place was placarded and adjoining places fumigated, but advice from Dr. Greenshields, of Romeo, decided the case was not small pox or even measles, but a disease of the skin, aggravated by vaccination and hot weather. The scare is now over.

It is claimed that a plot to rob the drain funds of St. Clair County has been discovered at Capac. Dr. D. Patterson made a formal demand on County Treasurer Marx to cash an order dated Dec. 16, 1890. The county treasurer was unable to do so as there was no money in the fund. It is said a number of criminal forgeries have been unearthed, and that interesting legal developments will follow shortly.—Port Huron Daily Times.
